Website: www.jaisenaps.com

Proposal Overview

Jaisenaps Engineering & Technologies is a trusted partner for tailored IT and Engineering solutions across Ghana. Our diverse capabilities span secure infrastructure, technical procurement, and civil engineering support.

What We Offer

- Access Control & Workplace Security (Biometric systems, CCTV, ID tracking, remote admin dashboards)
- Civil Engineering Design & Construction (Layouts, drainage, road design)
- IT Supply, Networking & Infrastructure (Laptops, SSDs, QNAP storage, structured cabling)
- Meeting Room Solutions, VoIP Telephony, Intercoms
- PA Systems for schools, churches, and institutions
- Office Tech & Stationery Supplies
- Procurement for resellers and corporate entities (bulk sourcing, direct delivery)
- Training & Technical Onboarding (Staff setup, system walkthroughs)

Our Approach

We don't just supply — we install, configure, and train. From first delivery to ongoing support, we ensure your systems work as intended.

Who We Serve

We partner with corporate offices, academic institutions, hospitality businesses, estate developers, managed IT service providers, and faith-based organizations.

Some of Our Clients

While we maintain client confidentiality, our portfolio includes major players in logistics, research, finance, hospitality, and infrastructure.

Conclusion

We look forward to partnering with you to deliver reliable, scalable, and affordable solutions. Let's build something powerful together.
